

Sebastian Deluca

SUMMER 2022 INTERNSHIP

Profile

Second year university student at Queen's University studying for a Bachelor's in Computing Science. I have years of backend development experience from both high school and post-secondary, as well as burgeoning frontend development capabilities. I also have superb communication skills due to years of retail experience.

Employment History

Dairy/Frozen Associate, Walmart Canada

OCTOBER 2018 – SEPTEMBER 2021

Completed all my daily tasks in a timely manner while demonstrating and expanding my teamwork skills, adaptability, and quick-learning capabilities.

Lead Web Designer, DCL Group of Companies

JANUARY 2022 - Present

Redeveloped the company's portfolio website and utilized WordPress' hosting services, implementing client requests efficiently and exactly as requested.
